

NCFE Level 2 Certificate The Principles of Dementia Care

Course Content

This course will teach learners about areas such as the benefits of positive communication, issues around the use of medication for those with dementia and the importance of person-centred care.

Learners will develop their knowledge and understanding of the different types of dementia as well as how to take a person-centred approach to dementia care and support.

Upon completion, learners will be able to recognise individual needs surrounding issues such as equality, diversity and inclusion that are fundamental to one-to-one care.

This course will also outline the abilities of people with dementia care providers can use positive interaction to meet the individual needs.
